---------------	---------------

- She did a great job of going over the problems in a clear and effective way
- I loved Belen she is great
- Belen created a non-imposing environment during her recitations, which I appreciate.
- She was very kind and helpful. I wish her all the best
- She was an amazing TA! She was always able to clarify my questions or concerns so I'm very grateful for that! She also always made time to help with extra questions I had. I never left the room being more confused which oftentimes happens with my other courses so I would say she is a great TA.
- Great TA
